Re: Vasquez Boulevard  
and Interstate 70 Site Working  
Group

Dear Barbara:

Enclosed please find the following two documents which are background material for the planned discussions at the upcoming working group meeting on January 28, 1999:

- 1). A compilation of all comments received by EPA on the draft document, "Data Report for the Vasquez Boulevard & I-70 Residential Soils Supplemental Investigation: Physico-Chemical Characterization of Soils" and EPA's response to each; and
- 2). A summary of the risk management objectives for the Site established at the December working group meeting.

I hope you can find time to review these materials before the meeting.

Sincerely,

Bonnie Lavelle  
Remedial Project Manager
